

# Sprint planning SW7

17 october, 15:00

## 1. Objectives

Make everything ready for final release.

- Implement the rest of the User stories
- Implement the last features
- Fix bugs
- Resolve issues
- Update documents

## 2. Reports

Nothing new to report at the time

## 3. Discussion items

Which features should be prioritized.

How should robotium test, and what.

What do we have left to do.

## 4. Outcomes and assignments

Everyone should put in at least 35 hours each.
